Matching Donation - Exciting opportunity!!

We have an exciting opportunity to finish construction at our Kenya facility! What's been accomplished this year? A bathroom and shower facilities for our male and female students, a septic tank, that will help avoid water table contamination, and a water system have been installed. We have also poured a concrete frame and foundations for our two-story building that will function as a guest house, dormitory on the second floor for female students and a facility for our school of missions.

We have been promised a matching donation of \$25,000 USD toward our goal of \$70,000 to complete the dormitory construction. This amount will cover material and labor for the framing, electrical, plumbing and masonry to build approximately 20 rooms on the first floor and a large dormitory on the second floor. We have an exciting opportunity that just came up this week, a donor has just promised a matching gift of up to \$25,000 USD to help us complete this building! This means that every dollar raised over these next few months will be matched, which would give us \$50,000 USD toward our goal to finish this facility!

If you would like to give toward this project please donate via check or online and make a note for "Kenya Bible College Construction", or if you feel to make a faith promise please email finance@kaleointernational.org

Fire and Glory conference and local outreaches

In May we had our Fire and Glory conference with John Peña and Geraldo Denardi. The Lord performed many miracles and healed many hearts during that powerful weekend. Meetings were held in our Reynosa churches and we also hosted an open-air crusade in a baseball field and ministered to many of the Haitian immigrants. Between 2000 and 3000 people were in attendance and touched by the presence of God. It was truly a blessing and we are continuing to see the fruit of that conference.

Our local team in Reynosa has had several outreaches to children and families near our main church. God's favor has been astounding, lives are being changed, and the local church has grown. We've continued to make progress on our local church construction and are believing for the finances to complete it soon.

Kaleo East Africa

We are planting more churches in Kenya, South Sudan, and Uganda as a result of Kaleo Bible College in Kenya. The kingdom of God is spreading through the countries of East Africa including some people groups that have been unreached by the gospel and into some predominantly Muslim areas. We praise God for this growth and continue to believe God for finances to expand these projects.

Kaleo Spain

In June our base in Madrid Spain had their graduation of students from the Kaleo Academy. This is a one year intensive ministry school for missionaries and church planters. The leaders at the Madrid base are believing God to expand into other parts of Spain, Europe, and Northern Africa.
