

# KALEO INTERNATIONAL

Hello to all our partners! We pray that you and your families are well! We are excited to update you on what's happening in Kaleo around the world. These last few months have been flurry of activity. Since May, both Olivia and I, as well as other senior members of our leadership team have been busy visiting many of the different Kaleo missionaries and church planters as well as teaching at our different ministry schools around the world. I feel that now more than ever it is a strategic time to raise up more laborers for the harvest. I have also had the opportunity to preach in many different conferences and churches where we were invited. We continue to see many people touched by the Holy Spirit and come to feet of Jesus! The Lord continues to highlight to us the need to raise up more missionaries to reach the ethnic groups that still remain unreached by the gospel. It has come to our attention that there is small group of tribes here in Mexico that is still considered unreached by the gospel. This month I will be taking a small team on a scouting mission to this region of Mexico to find a way to begin working there. This tribe still follow gods of their ancestors and are not even considered catholic. They are very closed off to outsiders, however, God has given us a creative access by way of agriculture. Please pray for this trip, as well as others that our team will be making this year into places that desperately need the gospel.

## Upcoming events

## Progress of churches in South Sudan

Since we started in South Sudan a few years ago, by God's grace, we have been able to see 14 new churches planted. These are a few of the pictures of our churches near the capital city of Juba and from among the Taposa tribe in Western Equatoria state.

### Testimony of a man of peace:

This man has retired from the government and is from a tribe that has very few believers. He was saved while Pastor Peter was ministering. He was very touched by the Lord and has donated land in his home community for the first church in his tribe. This testimony is a direct answer to our prayers as a ministry to reach tribes and people groups who have had no exposure to the gospel (or very limited exposure to the gospel). Please continue to pray with us for the churches to grow and for more churches to be planted in South Sudan.

## The Church in Reynosa

The church in Reynosa has been growing. Many have been touched by God's power and love being demonstrated through missionary outreaches, special events, and the work of our local team. Here are some testimonies of people being transformed by the power of God in the past couple of months.

### New Life and Restoration:

When this couple came to our church their marriage was falling apart. the husband was addicted to alcohol and at times was violent with his family. The wife had to flee. We took care of her at the church for a season during that time they got saved and their marriage was restored. He has not had a drink since getting saved and is reading the Bible all the time. They both decided to be baptized and give their lives completely to Jesus.

### Baptized in a Beer Cooler:

This lady is a new member of our church. She was saved in one of our outreaches. The Lord spoke to Josh during the ministry time that there was someone struggling with suicidal thoughts and depression and the Lord wanted to set that person free. This lady answered the altar call and got delivered and saved! She had been an alcoholic and because of it had lost her family and her marriage. She encountered Jesus and was transformed and delivered from the suicidal spirit. From that moment on she has not gone back to alcohol and has become a member of our church and given her life completely to Jesus. At a life group at her house she fell under conviction that she needed to be baptized. The only thing they had available at their home to do the baptism was a cooler that they used to use for beer for the parties. Our team filled up the cooler with water and baptized her. It's amazing how God can redeem everyone and everything for His glory.
